Education

■ **Baku State Communication and transport college**
2002-2006
Multichannel telecommunications and internet technologies

Enployment

■ **Frontend Developer**
Proline LLC - Azerbaijan, Baku | Dec 2017 - Present

Led a dynamic team of frontend developers in designing and implementing user interfaces for prospect.az and CallCenter desktop app.
Spearheaded the adoption of popular frontend frameworks and tools to enhance development efficiency and improve user experience.
Collaborated with cross-functional teams, including designers and backend developers, to ensure seamless integration of frontend and backend components.
Developed responsive and user-friendly web applications, consistently meeting and exceeding project deadlines.
Mentored and coached junior developers, fostering a collaborative and innovative work environment.

■ **Backend Developer**
Pronet LLC - Azerbaijan, Baku | Nov 2009 - Dec 2017

Implemented RESTful APIs, ensuring seamless communication between the frontend and backend systems.
Mentored junior developers, fostering skill development and knowledge sharing within the team.
Played a pivotal role in troubleshooting and resolving critical production issues, minimizing downtime and ensuring a stable application environment.

■ **Full stack web Developer**
Self-Employed - Worldwide | Aug 2008 - Present

Collaborated closely with clients to understand their business needs and requirements, providing technical expertise and delivering tailored solutions.
Developed responsive and visually appealing user interfaces using HTML, CSS, and JavaScript, ensuring optimal user experiences across various devices.
Architected and implemented backend systems, utilizing Vanilla PHP, Symfony, PostgreSQL, MariaDB, MongoDB to handle data storage, retrieval, and processing.
